

May Meeting

The meeting started with our AGM, where the Chairperson gave a report, the accounts were presented and committee members elected. We then went onto the topic for the month which was Whit Walks (though not all were actually at the Whit weekend). We looked at photos from 1900 and the recollections of Rev Wood; memories from Hilda Lord, with photos of her as a child and also later walks, with many present interested not only in the people on the photos but also the places in the village and how they have changed.

This was then followed by a short cinefilm of one of the walks from the 1970's
