

The October Meeting of our history group took place in Ainsworth Unitarian Chapel. Steve H guided us through the changes to the building from 1715 to the present day. Using a screen presentation, he demonstrated how the building changed as needs required. The building was extended and internally re-configured over this period. It would have received

non-conformist preachers from a wide area. They also used the house next door for stabling the horses and as a rest for travellers, some of whom came many miles to worship.

Externally we explored the listed graves and internally we explored most of the building. Many thanks to Steve for a superb talk.
